Kinsley Construction – April 30, 2010

Project: **MEADOWS WATER BOOSTER STATION**
CONTRACT 39G-W

Bid Due: May 25, 2010 @ 3:00 pm

Owner: Board of County Commissioners, Frederick County, MD
12 East Church Street
Frederick, MD 21701

Project Location: Eaglehead Drive

Description: This project entails construction of a water booster pumping station to serve both domestic use and fire flow needs of the Village of Meadows within the Linganore PUD. The station will be situated on County-owned property on the south side of Eaglehead Drive between Boyers Mill Road and Fox Chase Road. The station is designed with two domestic pumps which can each produce approximately 500 gpm and two high capacity pumps which can each deliver 1790 gpm of water supply.

Goals: No.

The following categories of work are included (but not limited to) in this bid package:

The project includes, but is not limited to, clearing and grading of project site, construction of access road, construction of a pump station and generator building, approximately 500 feet of chain-like fencing, approximately 250 feet of site piping and a sand filter.

Prevailing Wages: No

Drawings may be obtained via our online plan room:
